

AMANAT HOLDINGS PJSC

UNAUDITED INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

30 JUNE 2019

INDEPENDENT AUDITOR'S REPORT ON REVIEW OF INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS TO THE BOARD OF DIRECTOR OF AMANAT HOLDINGS P.J.S.C

Introduction

We have reviewed the accompanying interim condensed consolidated financial statements of Amanat Holdings P.J.S.C (the "Company") and its subsidiaries (collectively referred to as the "Group"), comprising the interim consolidated statements of financial position as at 30 June 2019, and the related interim consolidated statements of profit or loss and other comprehensive income for the three and six month periods and statements of changes in equity and cash flows for the six-month period then ended and explanatory notes. Management is responsible for the preparation and presentation of these interim condensed consolidated financial statements in accordance with IAS 34 *Interim Financial Reporting* (IAS 34). Our responsibility is to express a conclusion on these interim condensed consolidated financial statements based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "*Review of Interim Financial Information Performed by the Independent Auditor of the Entity*". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing, and consequently, does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial statements are not prepared, in all material respects, in accordance with IAS 34.

Other matters

The consolidated financial statements of the Group as at and for the year ended 31 December 2018 were audited by another auditor who expressed an unmodified audit report on those statements on 13 February 2019. Furthermore, the interim condensed consolidated financial statements of the Group as at and for the six-month period ended 30 June 2018 were reviewed by another auditor who expressed an unmodified review conclusion on those statements on 12 August 2018.

The attached notes 1 to 15 form part of these interim condensed consolidated financial statements.

1 BACKGROUND AND PRINCIPAL ACTIVITIES

Amanat Holdings PJSC (the “Company”) was incorporated on 17 November 2014 and is registered as a Public Joint Stock Company on Dubai Financial Market. These condensed consolidated interim financial statements include the financial performance and position of the Company and its subsidiaries (collectively the “Group”).

The principal activities of the Company are investing in companies and enterprises in the education and healthcare sectors, and managing, developing and operating such companies and enterprises. The Company may participate or have an interest in any manner in other companies, entities or institutions outside the United Arab Emirates.

The Company intends to have its share as Sharia compliant for the purpose of investment and trading in accordance with Sharia parameters provided by Dubai Financial Market.

2 BASIS OF PREPARATION AND CHANGES TO ACCOUNTING POLICIES

2.1 Basis of preparation

These interim condensed consolidated financial statements for the six months ended 30 June 2019 have been prepared in accordance with IAS 34: *Interim Financial Reporting*.

The interim condensed consolidated financial statements do not include all the information and disclosures required in the annual financial statements, and should be read in conjunction with the Group’s annual consolidated financial statements as at 31 December 2018.

The interim condensed consolidated financial statements include the asset, liabilities and result of operation for the subsidiaries Middlesex Associates FZ L.L.C and Royal Maternity Hospital Holding W.L.L

2.2 New standards, interpretations and amendments adopted by the Group

The accounting policies adopted in the preparation of the interim condensed consolidated financial statements are consistent with those followed in the preparation of the Group’s annual consolidated financial statements for the year ended 31 December 2018, except for the adoption of new standards effective as of 1 January 2019. The Group has not early adopted any other standard, interpretation or amendment that has been issued but is not yet effective.

IFRS 16 Leases

IFRS 16 supersedes IAS 17 Leases, IFRIC 4 Determining whether an Arrangement contains a Lease, SIC-15 Operating Leases-Incentives and SIC-27 Evaluating the Substance of Transactions Involving the Legal Form of a Lease. The standard sets out the principles for the recognition, measurement, presentation and disclosure of leases and requires lessees to account for most leases under a single on-balance sheet model.

Lessor accounting under IFRS 16 is substantially unchanged from IAS 17. Lessors will continue to classify leases as either operating or finance leases using similar principles as in IAS 17. Therefore, IFRS 16 did not have an impact for leases where the Group is the lessor.

The Group adopted IFRS 16 using the modified retrospective method of adoption with the date of initial application of 1 January 2019. Under this method, the standard is applied retrospectively with the cumulative effect of initially applying the standard recognised at the date of initial application. The Group elected to use the transition practical expedient allowing the standard to be applied only to contracts that were previously identified as leases applying IAS 17 and IFRIC 4 at the date of initial application. The Group also elected to use the recognition exemptions for lease contracts that, at the commencement date, have a lease term of 12 months or less and do not contain a purchase option (‘short-term leases’), and lease contracts for which the underlying asset is of low value (‘low-value assets’).

2 BASIS OF PREPARATION AND CHANGES TO ACCOUNTING POLICIES (continued)**2.2 New standards, interpretations and amendments adopted by the Group (continued)****IFRS 16 Leases (continued)**

The effect of adoption IFRS 16 as at 1 January 2019 (increase/(decrease)) is as follows:

	<i>AED'000</i> <i>Unaudited</i>
Assets	
Right-of-use assets	38,463
Liabilities	
Trade and other payables (lease liabilities)	(36,343)
Total adjustment on equity	2,120

Nature of the effect of adoption of IFRS 16

Before the adoption of IFRS 16, the Group classified each of its leases (as lessee) at the inception date as either a finance lease or an operating lease. A lease was classified as a finance lease if it transferred substantially all of the risks and rewards incidental to ownership of the leased asset to the Group; otherwise it was classified as an operating lease.

In an operating lease, the leased property was not capitalised and the lease payments were recognised as rent expense in profit or loss on a straight-line basis over the lease term. Any prepaid rent and accrued rent were recognised under Prepayments and Trade and other payables, respectively.

Upon adoption of IFRS 16, the Group applied a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The standard provides specific transition requirements and practical expedients, which has been applied by the Group.

The Group recognised right-of-use assets and lease liabilities for those leases previously classified as operating leases, except for short-term leases and leases of low-value assets. For all leases, the right-of-use assets were recognised based on the amount equal to the lease liabilities, adjusted for any related prepaid and accrued lease payments previously recognised. Lease liabilities were recognised based on the present value of the remaining lease payments, discounted using the incremental borrowing rate at the date of initial application.

The Group also applied the available practical expedients wherein it:

- Used a single discount rate to a portfolio of leases with reasonably similar characteristics
- Relied on its assessment of whether leases are onerous immediately before the date of initial application
- Applied the short-term leases exemptions to leases with lease term that ends within 12 months at the date of initial application
- Excluded the initial direct costs from the measurement of the right-of-use asset at the date of initial application
- Used hindsight in determining the lease term where the contract contains options to extend or terminate the lease

Based on the foregoing, as at 1 January 2019:

- Right-of -use assets of AED 38,463 thousand were recognised and presented separately in the consolidated statement of financial position.
- Additional lease liabilities of AED 36,343 thousand were recognised.

2 BASIS OF PREPARATION AND CHANGES TO ACCOUNTING POLICIES (continued)**2.2 New standards, interpretations and amendments adopted by the Group (continued)****IFRS 16 Leases (continued)***Nature of the effect of adoption of IFRS 16 (continued)*

The lease liabilities as at 1 January 2019 can be reconciled to the operating lease commitments as of 31 December 2018 as follows:

	<i>AED'000</i> <i>Unaudited</i>
Operating lease commitments as at 31 December 2018	33,202
Weighted average incremental borrowing rate as at 1 January 2019	5.5%
Discounted operating lease commitments at 1 January 2019	37,328
Less:	
Commitments relating to short-term leases	(985)
Lease liabilities as at 1 January 2019	36,343

Summary of new accounting policies

Set out below are the new accounting policies of the Group upon adoption of IFRS 16, which have been applied from the date of initial application:

Right-of-use assets

The Group recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Unless the Group is reasonably certain to obtain ownership of the leased asset at the end of the lease term, the recognised right-of-use assets are depreciated on a straight-line basis over the shorter of its estimated useful life and the lease term. Right-of-use assets are subject to impairment.

Lease liabilities

At the commencement date of the lease, the Group recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for terminating a lease, if the lease term reflects the Group exercising the option to terminate. The variable lease payments that do not depend on an index or a rate are recognised as expense in the period on which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Group uses the incremental borrowing rate at the lease commencement date if the profit rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of profit and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the in-substance fixed lease payments or a change in the assessment to purchase the underlying asset.

Short-term leases and leases of low-value assets

The Group applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of assets that are considered of low value (i.e., below AED 18,000). Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

2 BASIS OF PREPARATION AND CHANGES TO ACCOUNTING POLICIES (continued)**2.2 New standards, interpretations and amendments adopted by the Group (continued)****IFRS 16 Leases (continued)****Summary of new accounting policies (continued)***Significant judgement in determining the lease term of contracts with renewal options*

The Group determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised.

The Group has the option, under some of its leases to lease the assets for additional terms. The Group applies judgement in evaluating whether it is reasonably certain to exercise the option to renew. That is, it considers all relevant factors that create an economic incentive for it to exercise the renewal. After the commencement date, the Group reassesses the lease term if there is a significant event or change in circumstances that is within its control and affects its ability to exercise (or not to exercise) the option to renew (e.g., a change in business strategy).

Amounts recognised in the statement of financial position and profit or loss

	<i>Right-of-use assets AED'000 Unaudited</i>	<i>Lease liabilities AED'000 Unaudited</i>
As at 1 January 2019	38,463	36,343
Depreciation expense	(4,680)	-
Finance cost	-	876
Payments	-	(5,560)
As at 30 June 2019	33,783	31,659

Other amendments and improvements

The following amendments and improvements, which became effective 1 January 2019, did not have any significant impact on the Group's consolidated financial statements:

- IFRIC Interpretation 23 Uncertainty over Income Tax Treatment
- Amendments to IFRS 9: Prepayment Features with Negative Compensation
- Amendments to IAS 19: Plan Amendment, Curtailment or Settlement
- Amendments to IAS 28: Long-term interests in associates and joint ventures
- IFRS 3 Business Combinations
- IFRS 11 Joint Arrangements
- IAS 12 Income Taxes
- IAS 23 Borrowing Costs

2.3 Fair value measurement

All financial assets and liabilities are stated at amortized cost or historical cost except for FVOCI investment and contingent consideration, which are measured at fair value. The fair values of the financial assets and liabilities are not materially different from their carrying values at the reporting date. The FVOCI investment qualifies for Level 1 fair value hierarchy. There were no transfers between Level 1, Level 2 and Level 3 fair value measurements during the period.

3 PROFIT AND LOSS**3.1 Revenue**

Revenue comprises fee earned from academic services and other related services provided by the Company's subsidiary, Middlesex, which represent services transferred over time.

3.2 General and administrative expenses

	<i>Period ended 30 June 2019 AED'000 Unaudited</i>	<i>Period ended 30 June 2018 AED'000 Unaudited</i>
Employee related expenses*	25,792	13,467
Transaction related costs	3,965	1,548
Other expenses**	41,876	7,156
	71,633	22,171

*This amount includes the subsidiaries related expenses of AED 24,807 thousand (2018: Nil).

** This amount includes the subsidiaries related expense of AED 32,008 thousand (2018: Nil).

3.3 Other operating income

	<i>Period ended 30 June 2019 AED'000 Unaudited</i>	<i>Period ended 30 June 2018 AED'000 Unaudited</i>
Student accommodation fees	4,811	351
Miscellaneous income	1,255	1,261
	6,066	1,612

4 PROPERTY AND EQUIPMENT

Included in property and equipment is a balance amounting to AED 718 thousand which relates to capital work in progress for the construction of a medical centre by the Group's subsidiary, RMH. The capital work in progress is mainly represented by buildings under construction, medical equipment, furniture and fixtures.

Amanat Holdings PJSC

NOTES TO THE INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

At 30 June 2019

5 GOODWILL

Goodwill arising on business combinations is related to the following cash generating units:

	<i>30 June 2019 AED'000 Unaudited</i>	<i>31 December 2018 AED'000 Audited</i>
Middlesex Associates FZ L.L.C	410,070	410,070
Royal Maternity Hospital Holding W.L.L.	82,012	82,012
	<u>492,082</u>	<u>492,082</u>

As at 30 June 2019, the management has not identified circumstances that may indicate that the carrying value of goodwill may be impaired.

Contingent consideration

The Group has entered into a contractual agreement with the previous selling shareholders of Middlesex Associates FZ-LLC to pay a fixed consideration for each additional student that enrolls with Middlesex University for the period ending 30 September 2019, subject to a maximum cap of AED 73 million. This amount is to be settled by the Group in November 2019.

The Group has estimated the fair value of the contingent consideration payable after considering the Middlesex University's business plans, historic student enrollment rates and external market and economic factors.

8 CASH AND BANK BALANCES

	<i>30 June 2019 AED'000 Unaudited</i>	<i>31 December 2018 AED'000 Audited</i>
